Dear Colleagues

RESPONSE TO THE DEFERRAL OF THE HEQSF-ALIGNMENT AND ACCREDITATION

HEQSF review comment

"Section 2 of the application does not stipulate the credits for workplace-based learning which is indicated in the table of learning activities. The arrangements for placement of students requires strengthening and there is no indication of any MoUs being signed with the relevant Provincial Health authorities. There is evidence of a 'cut-and-paste' approach where the information pertains to an unrelated programmes"

Response

The Bachelor of Medical Clinical Practice can be phased out and recategorised to C, with teach-out date of 01 January 2017.

Kind regards

Ms SJ Paulse

Deputy Director: Directorate for Research and Institutional Planning
