Dear Colleagues

## **RESPONSE TO THE DEFERRAL OF THE HEQSF-ALIGNMENT AND ACCREDITATION**

### **HEQSF review comment**

*"Need to clarify why it has been indicated that more than 50% has been aligned with the HEQSF if everything is "unchanged" in the section 3. Check the research module specific relevance."*

### **Response**

Section 3 omitted the modules that were removed from the programme. The original programme contained six modules and a module on research and research methodology. In the re-aligned programme, three of the six modules (i.e. 50%) were removed. The programme now contains three modules plus the research and research methodology in Management Accounting module (as per section 3). The modules that were removed are Financial accounting and tax principles (EFAT80508), Organisational management and information systems (EOMA80508) and Management accounting and performance evaluation (EMAP80508).

Section 3 included the incorrect module title for the research component of the programme, and should have reflected ERRC6808 (Research and research methodology for BComHons (Management Accounting)).

We trust that you will find this response adequate to validate its accreditation and HEQSF alignment.

Kind regards

Ms SJ Paulse
