Subject: Application returned for Deferral

To whom it may concern,

Kindly find attached clarification on the following programme:

Diploma in Agricultural Management (3201048)

O Evangelou
Director: Programme Accreditation and Curriculum Development

Diploma in Agricultural Management (3201048)

When registering for their third academic year of the Diploma, students get an additional registration form, specifically designed for WIL. This registration form makes provision for all the necessary information pertaining to the intended (applied for) location of placement, all particulars of the farm or production unit, who the mentor(s) will be, etc.

a Centralized office on Uppington Campus is responsible for the entire process of WIL. The coordinator's scrutinizes the registration form in order to verify that the production unit does meet the requirements.

Assessment and all issues pertaining to assignments and practical experience are recorded in the prescribed logbook completed by both the student and the mentor(s) and then co-signed by the assigned lecturer after completion of the WIL.

Official visits to the students are organized and done by the relevant lecturer. Contact sessions are organized on a quarterly base between students and lecturers on Campus. Students and lecturers are in contact on a weekly basis (sometimes even daily) either telephonically or electronically.
