## Evaluate category B applications

The Evaluate interface displays all the applications that you must evaluate.

## How to evaluate category B applications (5 steps):

- 1. Click on menu option Evaluate to see the list of applications to evaluate.
- 2. Click on Evaluate to open the evaluation form for the application. View the application. The View application

recommended way is to right click on and select the option *Open link in new window*. Arrange the windows so you can see all the information you need. See View evaluation and application side by side image below.

- 3. For each question it is required that you select an option: HEQSF-aligned and deemed accredited, Not HEQSF-aligned or needs improvement. A comment is required for options: Not HEQSF-aligned or needs improvement.
- 4. If you have NOT finished your evaluation: Leave the status as Evaluating in Evaluation Status:\*

  Evaluating and click on Status:\*
- 5. If you have finished your evaluation: Complete your evaluation by selecting evaluation status:

  Evaluation Status:\*

  Ready for review

  or

  Ready for review

  To Note: Selecting one of these statuses automatically returns the application to the administrator and clicking on Save and return.
